There's a letter I wrote to you
On the bathroom sink
It's burning a hole
And it's the truth, now can stand it
It's full of words, it's full of love
It's full of me, it's full of choices
Can you stand it

I've entertained your point of view
I've gone so far as to even follow you
Maybe now you'll see
Yeah you'll see

I love you too much baby
For you to be with me
I love you too much baby
I know you want to be free

There's a giant step
Between love and understanding
And baby I think you stopped at love
Sooner or later you're gonna have to take me as I am
You gonna have to learn to hear these sounds
And try to understand, to understand

I love you too much baby
For you to be with me
I love you too much baby
I'm gonna set you free, yeah, yeah

I love you too much baby
For you to be with me
I love you too much baby
Go on and go on and be free

I love you too much baby
For you to be with me
I love you too much baby
Go on and go on, go on and go on
Go on and go on and be free

Go on and go on and be free

Go on and go on and be free
Go on and go on and be free

I can't stand it
I love you too much baby
Go on and go on and be free
I love you too much baby
Go on and go on and
Go on and go on and be free
