You're always saying yes
Now you know where that will lead
You better just slow down
And take a look around
You must stand on your own
You can't be afraid to say no
When it's time to say no

People must respect your answer
'Cause you're barely hanging on

Overload Overload
Overload Overload
Burnin' out yourself each night
And you really have got no reason
Overload Overload
Overload Overload
Burnin' out yourself each night
And you really have got no reason now

You feel insecure
What will people think of you
If you say no to something
They want you to do
So they take advantage
They leave it to you
You must learn to say no
When there's something you don't wanna do

People must respect your answer
'Cause you're barely hanging on

Overload Overload
Overload Overload
Burnin' out yourself each night
And you really have got no reason
Overload Overload
Overload Overload
Burnin' out yourself each night
And you really have got no reason now

Overload Overload
Overload Overload

Overload Overload
Overload Overload
Burnin' out yourself each night
And you really have got no reason
Overload Overload
Overload Overload
Burnin' out yourself each night
And you really have got no reason
