At night I only walk on rainbows
Wishin' they never had an end
So I have thrown away my raincoat
I wanna feel the rain again

Tonight I fell off of my rainbow
And it all turned black and white
I said, "Shea, you need to wake yourself out of this
place
Let you fall down for once this time"

'Cause you're not gonna break me
Even when you shake me
Cavin' in I run, I run so fast

Wakin' up I saw this blue sky
I had slept the night outside
But then the sun came up to greet me
It was then I realized I cried

You're not gonna break me
Even when you shake me
Cavin' in I run, I run so fast

No, no, no, no, no, no, no
No, no, no, no, no, no, no
No, no, no, no, no, no, no
No, no, no, no, no, no, no
No, no, no, no, no, no, no
