Aah, aah
Aah, aah
Aah, aah

(Chorus)

Sugah, sugah, come to me,
Iâ€™ll give you something youâ€™ll believe
Sugah, sugah, come for me
Let this love come from me
Sugah, sugah, come for me
Iâ€™ll give you something youâ€™ll believe

Last night an angel came for me
Woke me out of sleep
Said, â€œGirl, you best get on your feet,
Donâ€™t miss the rideâ€
Last night that angel spoke to me
Said I was going deep
Said I shouldnâ€™t fight the love I feel inside

Never mind about when I tried to say
That you were in the way
Forget about those games I used to play,
Donâ€™t press rewind
Baby, I canâ€™t have enough of it,
I want you in my life
Honey, you could be the perfect for me
For all time

(Bridge)

If I told you, too many times
That you would make me feel alive
I just want to know you, everything you hide
Even all your little white lies
Only gonna be a matter of mind
â€™Till you believe in love divine

(Repeat chorus *1)

I never thought Iâ€™d find myself
Acting like a fool

Iâve never caught a bug like this
The feverâs burning through
So the poisonâs invaded and now I begin
To not know what to do
Just the smell of you got me going back to school

(Repeat bridge *1)

Sugah, oh yeah
Sugah, oh yeah

(Repeat bridge *1)

(Repeat chorus to fade).
