Tell me what you do, what you wanna do baby
You know they got to get busy
[X4]

You know they got to get busy [x6]

Anytime I get started, I go all night long, totally gone,
You know what's going on just the right amount of
wrong
So forget what you heard in the grapevine
Hate racism, love baseline
And I don't want a KitKat
Tell him that I ain't taking a break till it's daytime

Tell me what you do, what you wanna do baby
You know they got to get busy
[X2]

(Get busy)

(Let's go!)

Tell me what you do, what you wanna do baby
You know they got to get busy
[X2]

Tell me what you do, what you wanna do baby
You know they got to get busy

(Get busy)

Tell me what you do, what you wanna do baby
You know they got to get busy

(Microphone check, let's go!)

We don't care what the weather man says,
If the weather man says it's raining,
Put on the raincoat, carry on raving
Used to be one minute, remaining
And I prayed for change, now it's me they're praising

You thought you were looking at a ball of gas
But you're looking at a star in the making

Tell me what you do, what you wanna do baby
You know they got to get busy
[X4]
