(Verse 1)

Is it me to blame
This board down shame
Is it always my fault?
It feels like u don't care
Just fuck it all

(Chorus)

I'm runnin' away
Never saying goodbye
This emptiness is such a mess
But am I to blame
Nothing will ever change
Everything still remains
I'm pushing through this darkness
Covering from shame
Am I to blame?

(Verse 2)

I'm not functioning
Because of this pouring down rain
Why am I travelin' through this pain
The thunder struck
And now I don't give a fuck

(Chorus)

(Verse 3)

Well I'm not o'fuckin kay
It all feels the same
Am I to blame?

(Chorus)
