Give me the hammer and gun  
Lets make this party more fun  
Fuck all of your friends  
There is never a happy ending  
It's always sad  
Possibly good or bad  
Look at all the friends  
I could've have

I'm trying to find myself  
Revive myself  
Incline myself  
I'm trying to find myself  
Revive myself  
Incline myself  
But there is no one home  
And I feel so damn alone

Some say the past is the past  
But you can never forget at last  
So have another drink  
Turn up the radio  
Life is goin quick  
Somebody give me a lick

I'm trying to find myself  
Revive myself  
Incline myself  
I'm trying to find myself  
Revive myself  
Incline myself  
But there is no one home  
And I feel so damn alone
