Are you fed up with life?
Don't you wanna tell everyone good night?
Don't you just wanna start a fight?
But then again they say it's all right
Do they even know what you go through?
Or the bullshit you put up to
I'm sick of this
I'm takin a risk butâ€¦

I've already diedâ€¦
On the inside
I'm buried alive
On the inside
I'm can't breathe
On the inside
I've already died
I've died

Everything about me is hateful
I wanna hit you with a rain coat
I'm buried alive
And I can't see
I can't breathe
What's fucked up is inside of me
Why can't you be there to guide me?
Define me

I've already diedâ€¦
On the inside
I'm buried alive
On the inside
I'm can't breathe
On the inside
I've already died
I've died

You stand there
Walk beside me
Not even trying to guide me
To a different place
To a different place

To a different place

I've already died
On the inside
I'm buried alive
On the inside
I'm can't breathe
On the inside
I've already died
I've died
