Staring at the gun  
Thinking about all the possibilities  
Cry myself to sleep again  
Wishing I would just pull the trigger  
I'm just looking for the answers  
Crawling on my knees

Scream, my wrist are bleeding  
Dreams, aren't worth receiving  
Cry, thinking about my life  
I'm just looking for the answers  
Looking for the answers

Looking through the darkness  
Cleaning up your mess  
Writing these song  
No ones getting along  
Non-stop screaming  
Cause I'm losing control  
Mark the ground  
So you can dig me a hole

Scream, my wrist are bleeding  
Dreams, aren't worth receiving  
Cry, thinking about my life  
I'm just looking for the answers  
Looking for the answers

Scream, my wrist are bleeding  
Dreams, aren't worth receiving  
Cry, thinking about my life  
I'm just looking for the answers  
Looking for the answers
