It's Friday  
And everything is goin' okay  
Don't run away  
At least say goodbye  
Stay together  
Love each other forever  
Just for the kids

Do you see the smile on their faces?  
Takes me away to those special places  
They love you more than ever  
So why can't you just stay together

Together forever  
Until we go to a different place  
She wants you  
He gets you  
And all you do is scream in each other's face

It's Saturday  
You're goin' out again!  
But it seems like all the time  
It's 3 now 4  
Fuck it we're closing the door  
Wishing they were together

Together forever  
Until we go to a different place  
She wants you  
He gets you  
And all you do is scream in each other's face

It's Sunday you're not okay  
You miss him  
Don't you just want to kiss him?  
You love him  
He loves you  
Just make a dream come fuckin' true

Together forever  
Until we go to a different place

She wants you  
He gets you  
And all you do is scream in each other's face
