This one's for the monsters  
This one's for the peace  
This is for the one who turned water into  
wine in the middle of a wedding feast.

This one's for the skeptic  
This one's for the line  
This is for the ones who seek their place  
In time, in time, in time in time in time

And I love you

This one's for the cynic, this one's for the rush  
This is for the ones who talk and talk but never listen all  
that much

This one wears a top hat, this one wears it too  
This is for the one who thinks I never notice but I do

The lights come on as I feel the air  
Slide through the holes and walls and tears  
Tied to the steel, the cushions stained  
Scrape my skin allocate blame but  
Remember, I'll wait but alarms are ringing,  
I'm a convict  
Just one time, please know this,  
a dead utopia won't hold us.

They will see but they will bleed  
Blood and belief are all that they need  
Endless walls we cannot climb  
Stopping time and mortal crimes but  
You see me outnumbered  
have you lost while I have slumbered.  
I'll wake up, this body  
I won't fail you come and try me.
