(Don't believe the hype)

I saw you made it to the inside You finally have a name Too cold for you on the outside But hey, I'm okay You are the one who would always tell me Do what you do it'll make you happy Hey man, look at you now

Chorus: Are you gonna get out, get out, get out what's in your way? You're gonna get out,get out, get out, you're gonna leave the game? You say 'no way'

I heard you talking in the background that I am in your way Well girl the gossip is a letdown You graduated to the in-crowd, what now?

Are you gonna get out, get out, get out what's in your way? You gonna get out, get out, get out, you gonna leave the game? You say, 'no way' No way No way

(Don't believe the hype) It's such a letdown (Don't believe the hype) It's such a letdown (Don't believe the hype) It's such a letdown (Don't believe the hype) It's such a letdown

Are you gonna get out, get out, get out what's in your way? You gonna get out, get out, get out, you gonna leave the game? You got to get out, get out, get out, nothings in your way You got to get out, get out, get out, you're gonna play the game You say 'no way' No way No way
