I've been watching everyone around me
Are they fast, or am I slow?
Tired of feeling I'm not on this team, but what do you
know?

Chorus:

All this time I'm wasting, now I'm realizing
All I've got to do is go
Am I in the way?
No, I am the game

Maybe you are feeling like a number one-by-one they
make their goal
It's no fun feeling like you're on your own
Believe me I know that

All this time I'm wasting now I'm realizing
All I've got to do is go
Am I in the way?
No, I am the game
I am the game

If you're waiting for someone to say you got what it
takes
Well you'll never believe it until you take a leap of faith

Then you're gonna say: I am the game

All this time I'm wasting now I'm realizing
All I've got to do is go
Am I in the way?
No I am the game
All this time I'm wasting now I'm realizing
All I've got to do is go
Am I in the way?
No I am the game
I am the game
I am the game
I am the game
