My revolution
Welcome to my revolution
My revolution, my revolution, my revolution, my
revolution
My revolution
Yeah, yeah, yeah -

Learning to turn the outside inside out (inside outside
inside out)
Having the courage to find what life is all about
Loving so purely can surely melt a frozen heart
Knowing sometimes all over's
The perfect place to start

Chorus:
Welcome to my revolution
Lucky you, lucky me
The way we were meant to be
This is my one resolution and I make it with no fear
To live, to love today
?Cause it?s a brand new year

Seeing the world through rose-colored eyes
Yeah, this is my one big chance and I?m gonna take it
twice
With the past down below, I know love lifted me up here
So I?ll take a breath, kiss the sky, toll the bell
?Cause it?s a brand new year

Repeat Chorus

Bridge:
Resiliently reclaiming me
Refining my recovery
Untwist my fate, unlock the gate
Let?s make a little noise
?Cause it?s a brand new year
Oh, welcome to my revolution

Second Chorus:
Welcome to my revolution, baby, yeah

Lucky you, lucky me
The way we were meant to be
This is my one resolution and I make it with no fear
It's never been so clear
Second chance is what got me here
To live, to love today
'Cause it's a brand new year

Lucky you, lucky me
'Cause it's a brand new year
Oh, oh, lucky you, lucky me
'Cause it's a brand new year
Welcome to my revolution
Lucky you, lucky me, yeah, yeah
Welcome to my revolution
Lucky you, lucky me, yeah, yeah
Welcome to my revolution
