Doesn't anybody know, how to walk anymore,
Doesn't anybody know what a radio's for
Doesn't anybody wear there hair down low
Doesn't any body know, doesn't any body know

Doesn't anybody hate it when a street light turns red
Doesn't anybody want 5 more minutes in bed
Doesn't any body, doesn't anybody have a letter to
send
Doesn't anybody wish they had just one more friend

Cause everybody wants and every body needs and
everybody asks for one more piece,
Everybody wants to here someone say please
Cause everybody takes and everybody steals
everybody cries when something feels,
Everybody's looking for the drug that heals

Doesn't anybody want to take another shot at me,
Go ahead the gun is loaded and the bullets are free.
Doesn't anybody spray perfume to cover up a smell
Doesn't anybody know where to go to get some help?

Cause everybody wants, every body needs, everybody
begs for self esteem
Why don't you get your mind out of the past
Cause everybody takes and everybody steals and
everybody's in kicked by other heels,
Please raise your hands up in the air.

In the air,
Why don't you raise your hands up in the air
Why don't you raise your, (raise your) raise your, (raise
your) raise your hands in the air,
Why don't you raise your hands up in the air,
Cause everybody wants

Doesn't anybody know how to walk any more
Doesn't anybody know what a radio's for,
Doesn't anybody wear there hair down low,
Doesn't any body know, doesn't anybody know,

Cause everybody wants
