In time, you'll find that it's so calm and serene  
But not for now, it'll smash into your dreams  
Hey, hey

Inside your mind, you keep everything so clean  
But not for now, you're so keen to fill your dreams

If you want me, my feet are planted firmly in your  
garden  
Unattached, in awe, oh, I'm ready for super stardom  
If you want to, we could bounce along the road  
Like no-one else does

Unavailable to see what'll happen to me  
It never happens to me  
Oh, and this means nothing to me

It never happens to me  
Now you're dedication is so strong  
But when your time is up you're gone

Sometimes, I find  
That it's so wrong in-between  
The times I try  
To work out what you mean

Inside your mind, you keep everything pristine  
But not for now, you're so keen to fill your dreams  
Hey, hey

If you want me, my feet are planted firmly at your back  
door  
I've been tired, I've tried now, I'm ready to declare war  
If you want to, we could bounce along the road  
Like no-one else does  
Unavailable to see what'll happen to me

It's so simple, a stranger's just a stranger that you've  
not met  
Just talk it through and find out if you have yet  
It's too easy to find out if there's something here to live  
for

Unavailable to see what'll happen to me  
It never happens to me

Oh, and this means nothing to me  
It never happens to me  
Now you're dedication is so strong  
But when your time is up you're gone

In time, you'll find that it's so calm and discreet  
But not for now, the return will be complete  
Hey, hey
