Use to be you could consume me
from the outside in
There I was just assuming
That it would never end
And sure enough you're in
Every movie I see
And every car that I drive by
Well sure enough your in every word
I say and every corner of my mind

But I've got to find a way
I've got to find a way

To unlove you, undo
What's been done to, my heart
Unfeel you, unneed you
Undream you, unbreath you
Unlove you, unlove you, yeah

You always wanted more
I wanted nothing
More than to be adored
You made your exit
Mumbled something
I could have sworn it
Sounded like bored

Well I guess you thought
My love had properties of
A little green extra
flex rubber band
And I guess you thought that
I was gonna bounce back
So I definitely understand

But I've got to find a way
I've got to find a way

To unlove you, undo
What's been done to, my heart
Unfeel you, unneed you

Undream you, unbreathe you
Unlove you, unlove you, yeah

Let me abbreviate
'Cause you don't appreciate
You left me with a great
Big plate of
A whole lot more
Than I bargained for
I'm off the floor
I'm out the door
And on my way over you
Over you

Unlove you, undo
What's been done to, my heart
Unfeel you, unneed you
Undream you, unbreathe you
Unlove you, unlove you, yeah

Unlove you
Unneed you
Unfeel you

(repeat 4x)

I've got to find a way
To unlove you
