Who's goin' down

Who's goin' down who's goin' down who's goin'

Down

I ride my elevator through the shafts of your heart  
when you climb aboard

baby

There's no gettin' off

I'm a silent operator

Won't you please take my hand

I'm so polite

I'm the elevtor man

Friction and harmony

Who's gonna ride with me

I'm the elevator man

Who's goin' down who's comin' with me

Who wants to take a chance on a piece of abstract  
reality huh

I's only just a dance

Won't you come and ride with the elevator man

Who's goin' down yeah

Movin' slow without a sound

Who's goin' down who's goin' down who's goin'

Down

Who's goin' down who's goin' down who's goin'

Down

Please pretty baby

Won't you come to me

Won't you let me be your daddy come sit here on my  
knee and tell your sugar

daddy

All of your fears

Cry for me darlin'

Let me taste your tears

As they roll down your face

And onto the sand

Goin' down together I'm the elevator man

Movin' slow without a sound

Goin' up and goin' down

Take an intermission while the bird is in the hand

It's worth two in the bush

So give yourself a push

Won't you come and ride with the elevator man

Who's goin' down who's goin' down who's goin'

Down

Who's goin' down who's goin' down who's goin'

Down

Who's goin' down who's goin' down who's goin'

Who's goin' down who's goin' down who's goin'

Say goodbye to hate  
Goodbye to love  
Goodbye to the world that we used to know above  
Say goodbye to your mama  
And your daddy too  
We're goin' to a place that you never ever knew  
Movin' slow without a sound  
Goin' up and goin' down  
Take an intermission while the bird is in the hand  
It's worth two in the bush  
So give yourself a push  
Gonna take a ride with the elevator man  
Friction and harmony  
Who's gonna ride with me  
Far across the ocean on a floating bed of sand  
Eyes toward the empty skies  
Searching for the big surprise  
Who's gonna ride with the elevator man  
Who's goin' down who's goin' down who's goin'  
I said who's goin' down who's goin' down who's goin'  
Who's goin' down who's goin' down who's goin'  
Who's goin' down
