What is the law?)

(What is the law?)

Animals came from miles around

So tired of walking so close to the ground

They needed a chance, that's what they said

Life is better walking on two legs

But they were in for a big surprise

'Cause they didn't know the law!

CHORUS

(What is the law)

No spill blood

What is the law

(No spill blood)

(Who makes the rules)

Someone else

Who makes the rules

(Someone else)

The rules are written in the stone

Break the rules and you get no bones

All you get is ridicule, laughter

And a trip to the house of pain!

CHORUS (in reverse order)

We walk on two legs not on four

To walk on four legs breaks the law

What happens when we break the law?

What happens when the rules aren't fair?

We all know here we go from there

To the house of pain!

To the house of pain!

(What is the law)

What is the law

(Who makes the rules)

Who makes the rules

We walk on two legs not on four

To the house of pain

To the house of pain

To the house of pain

To the house of pain

To the house of pain

(No spill blood
