### "Stay"

Visit "[Stay](#)" on MotoLyrics.com

This is not the first time--You tried to get away

This is not a party--Where people know your name

This is not a classroom--With teacher at the board

This is not a catshow--With prizes at the door

CHORUS

Go--Don't you go

Won't you stay with me one more day

If we get through one more night

If we get through one more night

This is not a horse race--Where winners beat the time

This is not a funeral--With mourners in a line

This is not a sitcom--Where everything's alright

This is not a prison--With terror through the night.

CHORUS
