Weird science)

Plastic tubes and pots and pans

Bits and pieces and

Magic from the hand

We're makin'

(Weird science)

Things I've never seen before

Behind bolted doors

Talent and imagination

(Weird science)

Not what teacher said to do

Makin' dreams come true

Living tissue, warm flesh

(Weird science)

Plastic tubes and pots and pans

Bits and pieces (and)

Bits and pieces (and)

CHORUS

(Bits of) my creation--Is it real?

It's my creation--I do not know

No hesitation--No heart of gold

Just flesh and blood--I do not know

From my heart and from my hand

Why don't people understand

My intentions . . . . Oooh, weird . . . .

Weird science!!

(Weird science)

Magic and technology

Voodoo dolls and chants

Electricity We're makin'

(Weird science)

Fantasy and microchips

Shooting from the hip

Something different

We're makin'

(Weird science)

Pictures from a magazine

Diagrams and charts

Mending broken hearts (and makin')

(Weird science) Something like a recipe

Bits and pieces . . . . Bits and pieces
