We run this town
We own these streets
We'll paint this town
And we won't be beat, no...

If this is what, what you wanted
Take away what you want to from it
The hour glass, it spills away
Look to the sky, it's time to pray

Lies are told
Drinks are filled
We can't take back all the time we've killed
Live right now, forget all your sorrows
Rise up and now and fight for tomorrow

Forget this town
We are sons and daughters
Get lost, not found
We will run forever

I'll give you an hour
I'll give you the day
Pray for the sunshine and hope for the rain
Follow me darlin' and we'll run away
Lost in each other and that's where we'll stay

C'mon!
Can you hear the cheering?
It's shaking the wheel that I'm steering
We're knocking down the walls of this town

C'mon!
It's almost here, are you ready?
TO taste the fear, hold steady
We're knockin' down the walls of this town

Don't talk now

There is no need
Just follow me

Oh oh, woah woah woah!
Oh oh, woah woah woah!

If this is what, what you wanted
Take away what you want to from it
The hour glass, it spills away
Look to the sky, it's time to pray

Lies are told
Drinks are filled
We can't take back all the time we've killed
Live right now, forget all your sorrows
Rise up and now and fight for tomorrow

Forget this town
We are sons and daughters
Get lost, not found
We will run forever

I'll give you an hour
I'll give you the day
Pray for the sunshine and hope for the rain
Follow me darlin' and we'll run away
Lost in each other and that's where we'll stay

Stay
Don't go
Woah oh oh oh
Don't go

I'll give you an hour
I'll give you the day
Pray for the sunshine and hope for the rain
Follow me darlin' and we'll run away
Lost in each other and that's where we'll stay
