Ft. Ghostface Killah

Straight out the gate, they call me young don  
Heavy gunplay, shit  
Fresh to death like I'ma rip the runway  
Rip the curb up, pop some bob up  
Loud pack dutch, light some lava  
Killing shades on my yankee had backpack  
Watch all bright, her ass so fat  
She say I'm so hood but she like it like that  
Pull a little weed when I hit it from the back  
I'm high, union square on some â€¦  
When I finish this bottle, I'ma leave with a model  
Coupe in the front like I hit the throttle  
I'm gone, gone, let me ask

Do you like it baby? I love it daddy  
Do you want it right now? Of course I do  
You wanna hold your man down? All the time  
Go girl, go  
Do you like it baby? I love it daddy  
Do you want it right now? I want it right now  
You wanna hold your man down? Actually  
Then let me see you, wind it up

Yeah, hey yo, move that ass back,  
Hand me my glass black  
I'm going to jail cause I'm gonna harass that  
Fish that's foreign shell â€¦  
Eyes real chingy like it she real blunted  
Monalisa, Monalisa, let me taste you  
Hurry up and drink that great goose  
I'm on tilt and the place is on fire  
See a lot of Gabriels and Myers  
The owner and waitress keep supplying us  
The desert come first, shake your thighs and butt  
The result came like when she sat in my lap  
Inside of my bag, do you like that?

Do you like it baby? I love it daddy  
Do you want it right now? Of course I do

You wanna hold your man down? All the time  
Go girl, go  
Do you like it baby? I love it daddy  
Do you want it right now? I want it right now  
You wanna hold your man down? Actually  
Then let me see you, wind it up

Yeah, little pain killers in the case of chors  
Run white line and she dropping the drawers  
Took her from them hood to the Gucci stores  
Just because I'm â€¦ you call it tricking  
And I don't think about it  
Maybe cause I'm high and my brain is clouded  
Yep I wanna fuck any thick with Shawty  
Thought her wrong cause the club was crowded  
Yeah, it's Cudi in chair right there  
She's a smurfette and I'm pop bear  
When I play bed, I don't play fair  
Like ass up hands ducttaped to the chair

Do you like it baby? I love it daddy  
Do you want it right now? Of course I do  
You wanna hold your man down? All the time  
Go girl, go  
Do you like it baby? I love it daddy  
Do you want it right now? I want it right now  
You wanna hold your man down? Actually  
Then let me see you, wind it up.
