"Breathing"

Outside gets inside, Through her skin,
I've been out before
But this time it's much safer in.
Last night, in the sky,
Such a bright light.
My radar send me danger
But my instincts tell me to
Keep Breathing

Chorus
Breathing
Breathing my mother in,
Breathing, my beloved in,
Breathing, Breathing her nicotine, breathing
Breathing the fall out-in, out-in, out-in, out-in, out-in.

We've lost our chance, we're the first and last,
After the blast,
Chips of Plutonium are twinkling in every lung.
I love my beloved.
All and everywhere,
Only the fools blew it,
You and me knew life itself is breathing.

Chorus

What are we going to do without
Ooh, please, let me breathe,
Quick, breath in deep,
Leave us something to breathe,
Ooh, Life is-
Breathing.
