With my ego in my gut  
My babbling mouth would wash it up  
(But now I've started learning how)  
I keep it shut  
My door was never locked  
Until one day a trigger come - cocking  
(But now I've started learning how)  
I keep it shut  
Wide eyes would clean and dust  
Things that decay, things that rust  
(But now I've started learning how)  
I keep them shut  
I keep them shut

CHORUS: Harm is in us,  
Harm in us, but power to arm  
Harm is in us,  
Harm in us, but power to arm

Narrow mind would persecute it,  
Die a little to get to it  
(But now I've started learning how)  
I leave it open  
I kept it in a cage  
Watched it weeping, but I made it stay  
(But now I've started learning how)  
I leave it open  
I leave it open

CHORUS: Harm is in us,  
Harm in us, but power to arm  
Harm is in us,  
Harm in us, but power to arm  
Harm is in us  
Harm is in us  
Harm in you and me  
What you letting in?  
Tell me what you're letting in  
Say what we're gonna let in

We let the weirdness in.
