She knows that I've been doing something wrong  
But she won't say anything.  
She thinks that I was with my friends yesterday  
But she won't mind me lying  
Mmh because: -

#### CHORUS

Mother stands for comfort  
Mother will hide the murderer.

It breaks the cage, dear escapes and takes possession  
Just like a crowd rioting inside -  
Make me do this, make me do that, make me do this,  
Make me do that -  
Am I the cat that takes the bird?  
To her the hunted, not the hunter.

#### CHORUS

Mother stands for comfort  
Mother will hide the murderer.  
Mother hides the madman  
Mother will stay Mum
