Moving stranger, does it really matter?  
As long as you're not afraid to feel  
Touch me, hold me, how my open arms ache  
Try to fall for me

(Chorus)

How I'm moved, how you move me  
With your beauty's potency  
You give me life, please don't let me go  
You crush the lilly in my soul

Moving liquid, yes, you are just water  
You flow around all that comes in your way  
Don't think it over, it always takes you over  
And sets your spirit dancing

(Chorus)
