See how the child reaches out instrictively  
To feel how fire will feel.

See how the man reaches out instrictively  
For what he cannot have.

The pull and the push of it all.

Reaching out for the hand  
Reaching out for the hand that smacked  
Reaching out for the hand to hold.  
Reaching out for the Star  
Reaching out for the Star that explodes  
Reaching out for Mama.

See how the flower leans instrictively toward the light  
See how the heart reaches out instrictively  
For no reason but to touch.

The pull and the Push of it all

Reaching out for the hand  
Reaching out for the hand that smacked  
Reaching out for the hand to hold.  
Reaching out for the Star  
Reaching out for the Star that explodes  
Reaching out for Mama.  
(Can't we see.....)  
Reaching out for Mama.
