Tonight I feel like a prisoner

On fire, waiting desperately

Denied, sentenced forever more

Only your love can set me free

I search my heart is vain

To understand what I'm suppose to do

Ain't never felt this way

But there was never anyone like you

CHORUS

Lover you've gotta save me, oh woman don't you drive
me crazy

Lover you've gotta save me, believe me

You're the one, won't ya come and save me

Inside, so deep in the heart of me

You've got this power, I just can't explain

In this life, this world of insanity

I'm at your mercy when you call my name

Something in your touch defies all reason

With you passion rules

I never felt this much

But there was never anyone like you

CHORUS

Take me through this fire, this raging wall of flames

Only you can break me from these chains

CHORUS

Save me
