We may be strangers

We may be worlds apart sometimes

And it's hard to accept

The things we just don't understand

So blind to each other

We only see one side of nowhere

Some things we may never know

If there's one thing you should ever know

CHORUS

Soul of my soul, heart of my heart

The greatest treasure of my life that's what you are

Soul of my soul, child of my heart

I love you more than you know, soul of my soul

Into this world

We come with a heart that's open wide

And the best of this life

Is all I ever want for you

The love you believe in, your every dream

Your every passion

In time I know you'll come to see

Nothin' means as much to me

CHORUS

There'll come a time when you'll be on your own

But in your heart you're never far from home

Every road you take

Your every living day

You will always be, you will always be

The soul of my soul

CHORUS

Soul of my soul, heart of my heart

Some kind of miracle of life that's what you are

Blood of my blood, light of my life

You mean much more than you know

Soul of my soul
