Shadows fall

Through the darkness we reach

As the hunger calls

Then you run

To the passion that takes you over

No lookin' back

The chance will never come again

You risk it all

For your dream

Won't let you go

CHORUS:

When you feel the hunger

Drivin' you on

To your one desire

Alone through an endless night

And the needs never satisfied

Through these eyes

Seen a river of tears

Seen the strong survive

Separate lives

And the emptiness makes you wonder

Blame it on love  
You had it all and it's not enough  
You'll never change  
A slave to the fire  
It never ends  
Still you've got the hunger  
Drivin' you on  
To your one desire  
Never deny your heart  
The need to be satisfied  
Still you feel the hunger  
The primitive rite  
Of a restless breed  
Surrendering all your life  
To the true nature of the beast  
No looking back  
The chance will never come again  
You give it all to your dream  
It never ends
