So you say that you can't go on

Love left you cryin'

And you say all your hope is gone

And what's the use in tryin'

What you need is to have some faith

Shake off those sad blues

Get yourself a new view

Oh, nothing is as sad as it seems, you know

'Cause someday you'll laugh at the heartache

Someday, you'll laugh at the pain

Somehow you'll get through the heartache

Somehow you can get through the rain

CHORUS

When love puts you through the fire

When love puts you through the test

Nothing cures a broken heart

Like time, love and tenderness

When you think your world is over

Baby just remember this

Nothing heals a broken heart

Like time, love and tenderness

Time, love and tenderness
I understand how you're feeling now
And what you've been through
But your world's gonna turn around
So baby don't you be blue
All it takes is a little time
To make it better
The hurt won't last forever
Oh, all the tears are gonna dry you know
'Cause someday you'll laugh at the heartache
Someday you'll laugh at the pain
You may be down on your luck
But baby that old luck's gonna change

CHORUS

Baby, oh baby you just need some
You just need some

Time, love and tenderness
Time, love and tenderness
The hurt ain't gonna last forever

Time, love and tenderness
Time, love and tenderness

CHORUS

Baby, oh baby all you need
All you need is time, love and tenderness
