I've been thinking about the night

We held each other so close

Had the words locked up inside

We finally let them go

And how we promised together

Forever that we'd never fall

Oh, with a passion that felt so right

Deep in our restless hearts

Nothing breaks the ties

If only love survives

You put your faith in me, now I believe

CHORUS:

You're all that I need

In this crazy world

You're my peace of mind

Just hold on to me, we can make it girl

Through the troubled times

The shelter in my life

The air that I can breathe

You're all that I need

Through the years you've loved one man

And always let me know

Found the strength to understand

It's been no easy road

You've never given up

Can't live without your love

I'll put my heart of the line

Until you believe

CHORUS:

You're all that I need,

In this crazy world

You're my peace of mind

Just hold onto me, we can make it girl

Through the troubled times

We'll run with a dream, run forever girl

Till we reach the other side

You're all that I need

I can face the fire

When you stand beside me

You keep my heart inspired

The way you believe

CHORUS:

You're all that I need

In this crazy world

You're my peace of mind

Just hold onto me, we can make it girl

Through the troubled times

We'll run with a dream

Run forever girl

Till we reach the other side

You're all that I need

You're all that I need
