

## Casualties, The "American Justice"

Visit "[American Justice](#)" on MotoLyrics.com

Creating laws creating bills  
the working man is always paying the bills

[Chorus]  
American justice- it ain't for us, it ain't for us

They waste your money they waste your time  
down in court the poor don't count  
the laws they make are to protect the rich  
the land of the free is not for me

[Chorus]

American justice- for the rich  
American justice- for the ties  
American justice- full of lies  
American justice- it's not for me

[Chorus]
