

Casualties, The

"City life"

Visit "[City life](#)" on MotoLyrics.com

Come to the city, you try to find a job
Come to the city where there's no fucking jobs
City life - fucking boring
City life - No hope & glory
City life Oi!

City life is boring
City life's a waste of time
City life there is no hope
City life wont give you a break
City life, you better go home

City life got you into drugs
City life, there is no hope
City life wont give you a break
City life, You better go home

City life is boring
City life's a waste of time
City life, there are no breaks
