if the punx, are united
they will never, be divided
[x8]

fast and loud our sound is strong
young and old singing along
all around this fucking world
underground punk will be strong

[Chorus:]
together we survive- punx unite!
divided we will die- punx unite!
together we survive- punx unite!
divided we will die- unite! unite!

no divisions or tribal wars
no more fighting at thoe shows
drinking together singing songs
underground punk will be strong

[Chorus]

writing zines, getting involved
forming bands, setting up shows
no more posers at the shows
underground punk will be strong

[Chorus]

[Repeat 1st Verse]
