Hey You!

Send us off to war - send us off to die  
We know the truth - we won't buy your lies now  
We're fed up - We don't want to wait  
This war is a farce - you send us to die now

UNDER ATTACK - WE'RE UNDER ATTACK  
UNDER ATTACK - WE'RE UNDER ATTACK

We said it once - we said it before  
We're not the ones - Who want this fucking war  
We are fed up - We don't want to wait  
We need a change - We won't buy your lies now

UNDER ATTACK - WE'RE UNDER ATTACK  
UNDER ATTACK - WE'RE UNDER ATTACK

POWER IS TERROR - POWER IS TERROR

See the youth mislead and used  
We don't want to kill for you

We don't want your lies - we're sick of your faults  
You want a war - We don't want it at all  
You don't give a fuck - if we live or die  
You don't really care - If there's no one left

You don't own our future. . .
