"Days Like These"

To the gods in the sky
there's one thing you can do
you can send us some sun
and we'll play you this tune
because sitting in our room
lying down with a scoob
and the sunshine
through our window

It's days like these
that make us happy
like a puppy getting lucky
with Lassie hassle-free
hours passing by
with that beat one two
said it's days like these kicking back
just doing what we do

Number one I'd find some
loving in the sun
with someone that can make me
growl and hum say hmmm...
a boom boom shak
and the beat that she throw at me
knocking me flat

Number two
I'd cruise where the grass is smooth
and the sound of the sea
is a dreamy melody
snooze all afternoon
till the night time wake me
cos shakedown soon

Number three
I'd be dancing like a monkey up a tree
find sweet simplicity
by kissing my honey
get funky like Bond
when he's played by Connery
and get crafty

like Don Corleone

Four

watching Oliver jam a little more
remember the night when I saw
what i never never never seen before
Lavender wrestling a rich wild boar

CHORUS

Whack

Beats splat

Woke up on the attack

Woke Myself Frantic to the moon and back

Now Its evening and the sausages I'm frying out back

I write my rhyme for this track

as the Sky turned to black

Now i remember earlier in the day

As I was swimming through the bay

A Bass player I know swum my way

He said G'day

Wanna go see some reggae

Starts at 8 and plays through to sunrise the next day

So 9O'clock sees me heading out towards to
tabernackle

Hardcore reggae beat bring my feet out of these
shackles

Hardcore reggae DJ I Salute you

Crackle Crackle Crackle of the vinyl

Now Im high

Now a spectacular night ahead

I met a mexican called Juan

(Theres a party on the hill would you like to come)

Yeah

(and bring a bottle of rum)

Can't afford it, but I Bought it

What can I say

It's nights like these that you know that your alive

nights like these that you know that you got fire

nights like these that you don't have to try

Fall in love and kiss and smile from every girl walking
by

I'm Alive I'm Alive I'm Alive I'm Alive

And my eyes want to cry

Coz the night and the sky is so high

And my life is sublime and its mine and its time

(is now one)

It's nights like these when you know that your alive
nights like these when you know that you got fire
nights like these when you laugh until you cry
nights like these when I'm drowning in your eyes

And dirty hands
I like them see
they make the music that we play
sound oh so sweet
and my mother always made me eat broccoli
and now look at me
i'm as strong as can be
so put some spice in my sauce
honey in my tea
an ace up my sleeve
and a slinky plan b
and most importantly
my mad family
they named me lucky
and for that I'll sing about
days like these
