"Falling"

From the city to the world below
From the strangers to the ones I know
From the darkness to the holy glow
We burn so bright
Can we outlast the show?

From the island to the world of dreams
From the future to the times I've seen
From the righteous to the make believe
We all must leave
But I just want to breathe

Falling
My world's up and I'm almost
Falling
My hands over my shoulders
Falling
I'll dan, dance til I'm old and
Falling
Deep down, onward and

From the pilot to the golden sky
From the dash until the day we die
From the laughter to the lonely cry
We all deny
Lie and multiply

Falling
My world's up and I'm almost
Falling
My hands over my shoulders
Falling
I'll dan, dance til I'm old and
Falling
Deep down, onward and

Well I love you like a raging storm
And I miss you like I'm coming home
And I hold you like a fading song
You send me high, high, higher ... until I'm

Falling... [X2]
