Oh yeah, it's a breeze if you please a piece of cake
Now, we got it made, no way to make it better
Got the heat and the heart and the harmony
Not a doubt in the world, we were meant to be together
I'll say we're on our way

I knew it nothing to it, we're so undeniable
Sweet honey, we're on the money, we got a natural love
I'd never dream, I'll ever think my heart is reliable
We got it you can spot it, we got a natural love

If you go with the flow and sail it through
'Coz we got the best and we'll give it to each other
And it feels like a home that we just began
Needed luck, even we love into one another
I'll say we're here to stay

I knew it nothing to it we're so undeniable
Sweet honey, we're on the money, we got a natural love
I'd never dream, I'll ever think my heart is reliable
We got it you can spot it, we got a natural love

We got a natural love
And I know that it's alright
It's such a natural love
