See that man with the diamond ring, he came sneakin'  
by, the standard thing  
But I insist upon a dance, nothing less could stand the  
chance  
You may not have a whole lotta money but your words  
are like more, I want that

Sweet talk, I love your sweet talk

So tell me one more time, you've never known a touch  
like mine  
Don't stop once you've started, don't leave me hungry  
hearted  
I need you 'till you find me, how you find me

Sweet talk, I love your sweet, sweet talk

Tender wind is swallowin' my brain, promises of love in  
static pain  
Turn me on most demolitious, your sweet talk is so  
delicious

You know that I need comfort, just a little nervous  
I hugged too long, that'll tell us  
Your way with words is so delightful, I can hardly wait, I  
can't love an echo  
I will always lend an ear to hear your

Sweet, sweet talk, give me your sweet sweet talk

(Solo)

So tell me one more time, you've never known a touch  
like mine  
Don't stop once you've started, don't leave me hungry  
hearted  
I need you 'till you find me, how you find me

Sweet talk, tell me your sweet talk  
I love your sweet talk, give me your sweet talk  
I want your sweet talk, sweet talk  
I love your sweet talk, ooh sweet talk

I want your sweet talk...
