"Wanna Give My Love"

You don't give a show of public affection
How do I know if there's still an attraction
Don't give a sign it's there any longer
Goes on and on, I just don't belong here
I wanna go where the goin's good, oh, I wanna go while
I still know I could

Chorus:

Wanna give my love, wanna give my love
Wanna give my heart, wanna give my all, someone's
gonna give it back yeah
Wanna give my love, wanna give my love
Wanna give my heart, wanna give my all, this time
gonna get it back

Don't feel a fire, no spark of devotion
It's not my desire to go through the motions
Don't see a reason to feel out of danger
You sure ain't willin' to do any changin'
I wanna go where the goin's good, oh, I wanna go while
I still know I could

chorus

It ain't too late for someone new, it ain't too late to get
what's mine
I've got a right to someone who
Can give to me what I gave, what I gave to you

(Instrumental break)

chorus repeats out...
