We are Young Lions on the run, hearts beating two as
one

We are golden, we are silver

We are strong, we are wild, we belong to the child
within us, hearts on fire

Our desires burning through the winds of change

Chorus:

We're Young Lions and the call of the wild's in our
hungry eyes

These are the times we must fight to keep our dreams
alive

We're Young Lions and you can hear the roar of our
animal cries

Whoah-oh, whoah-oh, whoah-oh, whoah-oh

We are brave and we are free, masters of our destiny,
tonight and forever

We'll never die, we have no fears

The truth it lies in the years before us, always shining

We are diamonds, brighter than the Northern star

chorus

We are Young Lions

(Instrumental break)

chorus repeats out...
