Baby's upset.

Fell in love and she got wed,
Now the man that she loved,
Don't you know that he walked away.

And now she feels bad,
You know she feels like she's been had.
So I told her that's just the way,
Now, that's the way love is today, yeah yeah.

And you can love until your heart breaks,
Love until your back aches,
Love until you can't love no longer.
Now, lovin' makes you feel good,
Love is what you know you should.
And then you say I,
I know im getting stronger.
But you still,
You got a long way to go,
You got a long way to go.

I said now don't you feel bad.
Don't sit around and be so mad.
Why don't you just go on out
And find yourself someone to love, yeah.
And when you find 'em just hold 'em tight.
Hold onto them with all of your might.
And then you tell them that's just the way,
Now, that's just the way love is today, yeah.

And you can lie if you want to,
Cry if you wana,
You think your even gonna die if you wanna.
Now nothing makes you feel good,
Nothing's going like it should,
And then you say I can't take it no longer.
But you still,
You got a long way to go,
You got a long way to go,

Wont somebody help me?

(instrumental)

Got a long way to go.
Got a long way to go.

Hey, you can love until your heart breaks,
And you can love until your back aches.
And you cry all night,
It just don't seem right.
And you feel so lonely.
And I feel so lonely.
And there aint nothing you can do.
Aint nothing you can do.
And I feel so lonely.
And I feel so lonely.
And I cry all night.
It just don't seem right.
Wont somebody help me?
