I knew when she walkied in,
she was gonna hit on me.
And I could tell when I cuaght her eye,
she was gonna sit with me.
So I made her a little space,
and I could tell by the look apon her face.

She came from a different world,
her voice was soft and her hair was curled.
Now, she was nervous it was plain to see,
to find herself a-sitting with a boy like me.

So I said would you like to talk,
or would you like a bite to eat.
And she said, as a matter of fact,
I'm looking for a place to sleep.
And you notice that I,
I haven't said a single word.

She came from a different world,
her voice was soft and her hair was curled.
And she was nervous it was plain to see,
to find herself a-talking to a boy like me.

Now you say your all alone,
and looking for a place to crash.
Will you spend some time with me,
and we'll check out my stash.

But there is one thing that you must know,
is-that I'm a single man.

In the morning when the sun came up,
things looked a little bit better.
And I could tell by the smile on her face,
I knew that I would never.
You know she promised that she wouldn't make
a brand new man of me.

She came from a different world,
her voice was soft and her hair was curled.

Now, she was nervous it was plain to see,
to find herself a-sleeping with a boy like me.

Say, hey yea yeah!
