I'm talking 'bout the true life.
Your trials and your tribulations.
I'm talking 'bout what you dont,
you dont have no friends.

I'm talking 'bout your true life.
Your trials and your tribulations.

When you live out on the street,
Your prayer for you own salvation.
Its your own decision,
Can you make it through?

Yeah, I'm talking 'bout your true life.
Your trials and your tribulations.

Nobody's gonna hear you,
If you dont cry out loud.
Nobody's gonna see you,
If you live in a cloud.

Yeah, I'm talking bout your true life.
Your trials and your tribulations.

If you can keep it all together,
Nobody's gonna step on you, no.
You say your tired of trying,
What more can you do?

I'm asking you and I'm talking 'bout the true life.
Your trials and your tribulations.

I'm talking 'bout the true life.
The real, true life.
Trials and your tribulations.

The things you feel inside
And things you try to hide.

I'm talking 'bout the true life.
Talking 'bout the true, true life.

Walking down the street,
When you're feeling kinda neat.
When nobody's got a smile for you.
What are you gonna do?
Yeah, I'm talking 'bout your true life.
Yeah, I'm talking 'bout your real life.
Your trials and your tribulations.
Yeah, I'm talking 'bout your true life.
Yeah, I'm talking 'bout your true life.
Your trials and your tribulations.
Yeah, I'm talking 'bout the true life.
You know, I'm talking 'bout the true life.
