(Chorus)

My little baby,
Oh, little baby.

(Verse)

Baby, I know I told you
A million and more times that I, I love you so.
Baby, I want to be sure,
You know that I need you and I, Ill never let you go.

(Chorus)

Oh, little baby,
My little baby.

(Verse)

Baby, if you should want me
Ill come when you call me,
Yes, Ill be around.
Baby, dont ever worry
As long as you need me you know Ill never let you
down.

(Bridge)

I wanna be with you till the day I die
You always see me through, thats the reason why, why.

(Verse)

Baby, I wanna hold you
So close to my heart that you, you can hear me say
Baby, tell me you love me
And make me a promise that you, youll never go away.

(Chorus)

Oh, little baby,
My little baby.
Oh, little baby,
Oh, little baby.
Oh, little baby.
