(Verse)

I won't hold it against you,  
Never hold it against you someone else's heart.  
And I am not holding back now,  
Just give you some slack now,  
And I'll become around.

(Pre-Chorus)

And I like you, but you think too much,  
And I don't wanna be your mother  
And you could just lay down  
And just lay down.

(Chorus)

And we'll all go through it together  
But we all go at it alone  
Yes, we all go through it together  
And we all go at it alone.

(Verse)

And I, I don't wanna offence you,  
I know that I sense you  
Of someone else's heart.

And I have a slimmer of love now  
I won't push and shove now,  
I hope you'll come around.

(Pre-Chorus)

And I like you, but you think too much,  
And I don't wanna be your mother  
And you could just lay down  
And just lay down.

(Chorus)

And we'll all go through it together  
But we all go at it alone  
Yes, we all go through it together  
And we all go at it alone.

And we'll all go through it together

But we all go at it alone  
Yes, we all go through it together  
And we all go at it alone.
