They came rumbling cross the border with the war  
machines  
100,000 soldiers, 100,000 strong  
Soldiers firing into crowds protesting on the streets  
100,000 strong  
Helicopters firing into little towns up in the mountains  
100,000 soldiers, 100,000 strong  
And they called it liberation  
100,000 strong, 100,000 strong

Onward, Great Liberator! Free the countryside!  
Make em refugees, make em refugees  
Bomb the villages! Burn the fields! Kill the farmers!  
Now they rest in peace, you've brought the peace

They handed down their doctrine, their flag and their  
new ways  
100,000 soldiers, 100,000 strong  
You can accept, leave home, or die, the choice was  
plain  
100,000 strong  
Poison gas for non-believers in the villages  
100,000 soldiers, 100,000 strong  
As they hid inside caves clutching their kids  
100,000 strong

1 million dead civilians, 5 million refugees  
100,000 soldiers, 100,000 strong  
But the brave rebels fought back relentlessly  
100,000 strong  
And after 9 years of invasion by the Soviet guns  
100,000 soldiers, 100,000 strong  
The Freedom Fighters put the great Red Army on the  
run  
100,000 strong

Imperial occupation, poison Soviet bouquet  
100,000 soldiers, 100,000 strong  
Strategic assistance for resistance from the CIA  
100,000 strong  
Cold War politics of empirical regimes

100,000 soldiers, 100,000 strong  
With the people of Afghanistan trapped in between  
100,000 strong
