There's soldiers in my city  
Occupying me  
Using fear and violence to enforce  
The Wolfowitz decrees  
Yes there are, yes there are  
And they're stealing our resources  
At the barrel of a gun  
Just like the British did  
Back in 1921  
Yes they are, yes they are  
They say they're gonna liberate my land...  
Over my dead body  
Well they picked their local crony  
To bring the bankers in  
Sold the oil and the water  
To Western corporations  
Yes he did, yes he did  
World Bank/IMF  
Economic scam  
Strangling Iraq  
In some global power plan  
Yes they are, yes they are  
They say they're gonna liberate my land...  
Over my dead body  
Now I was once a soldier  
Drafted by Saddam  
Fighting in an unjust war  
Against the people of Iran  
Yes I was, yes I was  
And so I know just what it's like

To be stuck on the other side  
But that don't change my right  
To fight for what is mine  
No it don't, no it don't  
They say they're gonna liberate my land...  
Over my dead body  
So when they speak of "liberation"  
We know just what it means  
It means a puppet a government  
That gives them gasoline

Yes it does, yes it does  
So I say it won't come easy  
Cuz I've still got my gun  
I grew up in a war  
But I won't let my son  
No I won't, no I won't  
They say they're gonna liberate my land...  
Over my dead body
